

## FERRARI 330 GTS

- Full matching numbers
- Number 83 of 100 made
- Multiple Platinum award winner

Delivered new to Chinetti Motors, the car was specified in Rosso Corsa with black interior and top. Grey carpets, A/C, AM/FM Becker radio and electric windows. A select number of US owners looked after the car, including Ned Tanen, producer of "Ferris Bueller's day off". Whilst under the ownership of Norbert Hofer of GT Classics, in the early 90's, the car underwent a reference quality restoration, with paint by Junior House of Color and the interior by Little John's Interior Concepts.

The result of this restoration speaks for itself even today and car is a multiple Platinum Award winner at a number of major concours events.

Acquired in December 1999 by renown collector - Morris Halperin - the car was in his care for 22 years. Cosmetically and mechanically without peer.

A well-known 330 GTS that many consider the best in the world.
