

CHRIS EVANS FERRARI 288 GTO

Chris Evans 1985 Ferrari 288 GTO LHD

White blue interior. It is one of Ferrari's great cars and only 272 examples were made. 440 bhp, 2855 cc mid mounted engine with dual overhead camshafts, twin turbochargers and fuel injection. This stunning example had a ground up restoration costing more than £100,000 in 2009. It is like taking delivery of a new car and is one of the famous White Collection belonging to well known radio and tv presenter Chris Evans.

Launched: Geneva 1984. Body designed by Pininfarina, built by Ferrari 90' V8, 80 X 71mm, 2855cc, 400bhp at 7000rpm, 366ft/lbs torque at 3800rpm. Longitudinal mid engine with tin over head camshafts, four valves per cylinder and twin IHI turbochargers. Five-speed all synchromesh gearbox. Electronic fuel injection and ignition by Weber/Marelli together. Dry sump lubrication. Independent front and rear suspension. Disc brakes. Tubular steel chassis with body and other parts made from fibreglass. Kevlar, carbon fibre, Nomex and aluminium honeycomb. Wheelbase 8'5". This car is left hand drive.
