

## FERRARI 250 PF SPYDER

A delightful car that has been cherished all its life and with the most authentic patina

History of the car:

Sold new to A. Lonai, in the USA

Sold to a dentist named Johnson in Costa Mesa, Ca.

1994 - Sold to Paul Gilpartrick in Westminster Colorado who won 3rd at the International Ferrari concours at Monterey class 5

Car then shown at Concours in Monterey in 1994, then the car participated in the Colorado Grand.

1995 car sold to Harry Mathews of Colorado. Harry Mathews also owned the Mathews Collection one of the world's largest McLaren Collections

The next owner was Dick Belveal who has used the car in several rallies including, California Mille, Colorado Grand, Copperstate 1000. He also showed the car at a Ferrari meeting in Arizona about five years ago and won a Platinum Award, which comes with the car.

This fifty year old car has only done about 38,000 miles since new and has been looked after fastidiously throughout its life. It is very rare for a car to retain the original tools, manuals, parts book, keys, radio, etc, which is indicative that car has always been cherished and has never fallen into disrepair.

This is not an over-restored show car - but a terrific authentic genuine Ferrari 250 PF Spyder with great patina and ready for enjoyment.
